

Community Table Pieces:

- 1x Tabletop
- 1x Leg Support
- 2x Legs

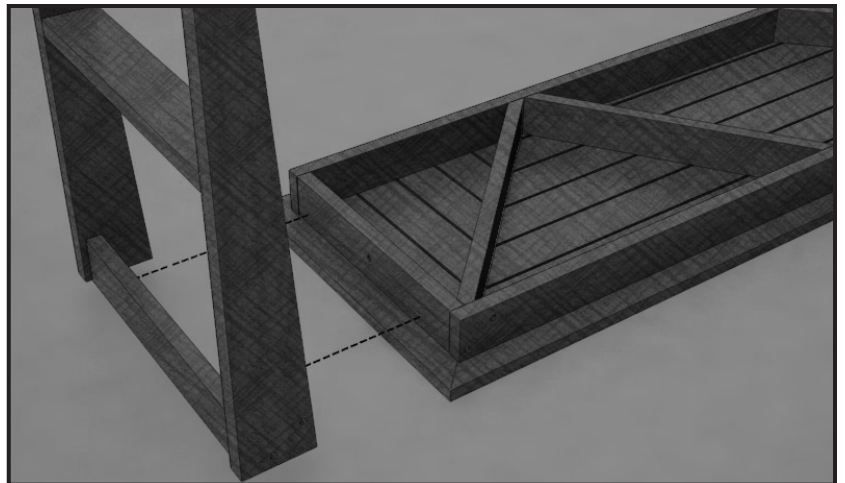

Hardware:

- 14x Metal Dowels (pre-installed)
- 14x Short Bolts

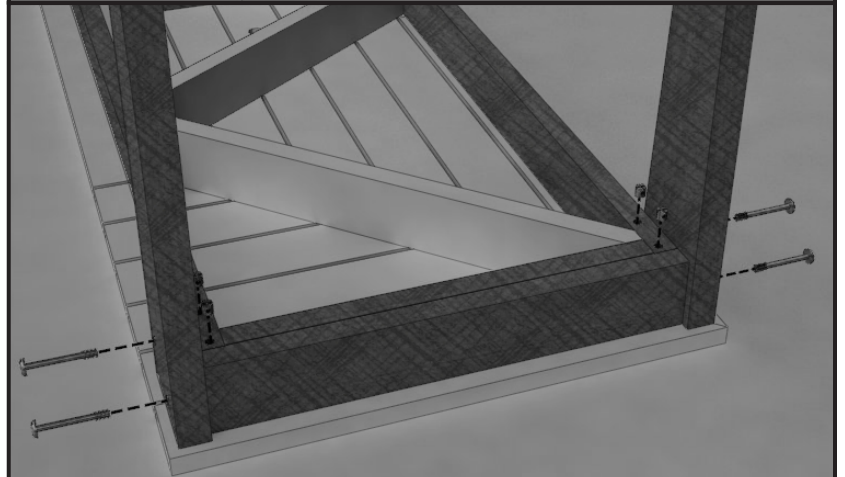

1. Flip Tabletop upsidedown.
Attach legs at each ends.

*Place cardboard or other soft material between tabletop and ground to protect tabletop.

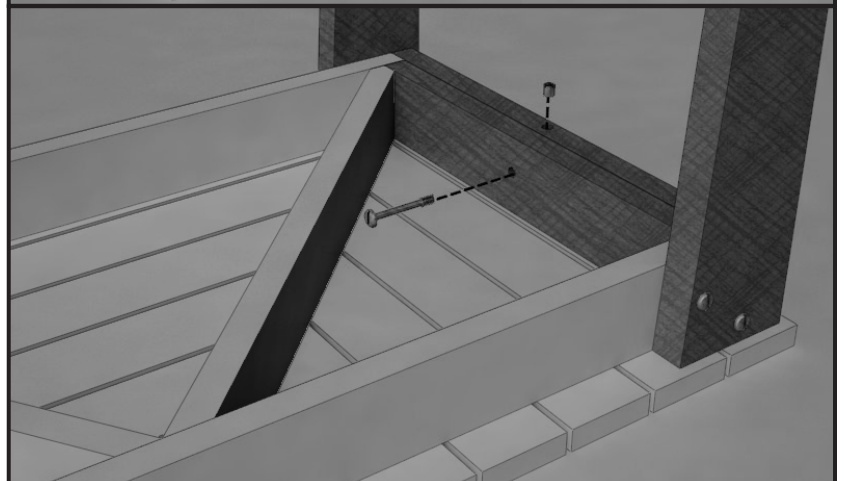

2. Insert two short bolts on side of the legs into pre-installed metal dowels located at bottom of tabletop frame.

Repeat on all 4 corners.

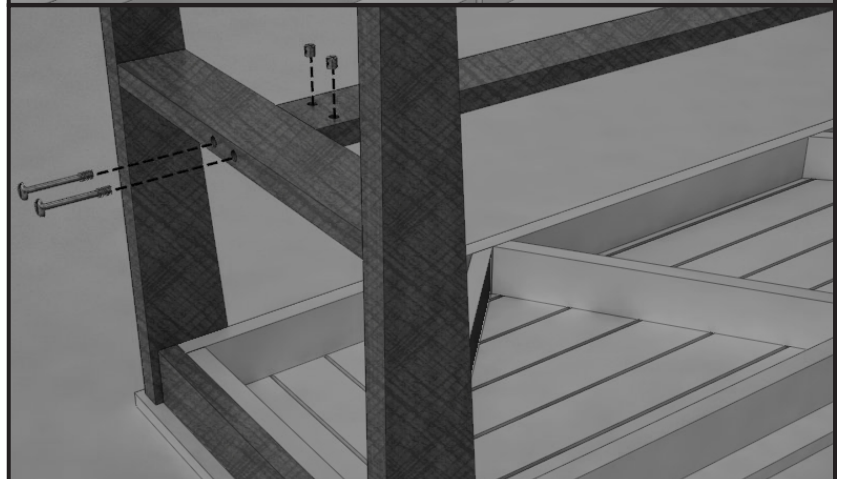

3. Insert short bolts on inside of tabletop frame into pre-installed metal dowel on bottom of legs.

Repeat on other leg.

4. Insert two short bolts on side of legs into the two pre-installed metal dowels on bottom of the leg support.

Repeat on other side.
Flip entire table over.

Assembly is completed.
